

**TELECOMMUNICATIONS TERMS OF SERVICE AND LICENSE AGREEMENT**  
**(please read, important information about Enhanced 911 services)**

**IMPORTANT—READ CAREFULLY:** These terms and conditions and license agreement (collectively, “Agreement”) is between you, your end users (hereafter “you”, or “Customer”) and Zoomfone Inc (“Zoomfone”) for the Zoomfone\* Enterprise or Professional software, products and services identified on the Product Order Form, which may include one or more of the following: computer software (including SIP and SIP Mobile), telephone and other equipment, certain telecommunications services, associated hosted online services and access to same, media, printed materials, and online or electronic documentation (collectively, the “Service”). These terms and conditions all cover any addon Orders derived from your initial Order. By agreeing to purchase the Service, you acknowledge and represent that you have read, understand, have the legal capacity to, and hereby agree to be legally bound by this Agreement.

**TERM**

**Subject to section 4 herein, Customer agrees to purchase the Service for a period of one (1) year(s) from the date of the Order, or the period of time indicated on the Order (“Initial Term”), payable in accordance with the payment schedule in the Order or Estimate (that certain document to which Customer has agreed and accepted, either by electronic or physical signature, electronic approval (online “click through”) or other means mutually agreed to, and which contains a detailed description of Customer’s ordered Service). The Initial Term may start up to 10 days from date of Order to allow for Service start-up; such date to be given to Customer by Zoomfone. After the Initial Term, this Agreement shall automatically renew for successive one (1) month periods (“Term(s)”) unless the Customer cancels the Service in accordance with the terms below.**

**Customer may terminate the Service by providing thirty (30) days written notice prior to the end of the Initial Term or next renewal Term to [billing@zoomfone.com](mailto:billing@zoomfone.com). The Service is non-cancelable until the end of the Initial Term. Customer’s minimum contractual and financial commitment is for no less than the Initial Term.**

**EQUIPMENT**

**In the course of providing the Service, Zoomfone will provide to Customer certain equipment, including but not limited to telephone handsets, components, cables, manuals and documents, routers and other network equipment (the “Equipment”) for use in Customer’s business sites. Provided Equipment may be new, like-new, or refurbished, and is the property of Zoomfone.**

Zoomfone will provide replacement Equipment during the term of the Agreement on the following basis: Any Equipment which is not performing to original manufacturer specifications will be replaced by Zoomfone with like equivalent that will be in a like new or refurbished condition, subject to the following limitations. Zoomfone shall have the right to reject any request for replacement Equipment where the returned Equipment has failed due to Customer’s reckless or, in Zoomfone’s sole discretion, unreasonable use. Further, Zoomfone may decide in its sole discretion to reject any request for replacement Equipment where Customer is not acting in good faith, or where the Customer has a history of excess failures or requests for replacement. Equipment that is lost or stolen while in the care, custody and control of Customer shall not be replaced by Zoomfone in the manner described above and Zoomfone shall have no liability for such Equipment. In such instances, Customer will need to procure replacement Equipment from Zoomfone at the then current Zoomfone retail price. The occurrence of lost or stolen Equipment does not extinguish Customer’s obligations in this Agreement.

You must immediately notify us, at any of the points of contact specified in these Terms, if your Equipment is lost, stolen or destroyed. You are responsible for the cost of replacing your Equipment. If you then wish to terminate your Term Services, your obligations under the Agreement for those Term Services, including any Early Cancellation Fee, will apply.

**Shipping Costs:** Zoomfone will pay for return and replacement shipping for any Equipment failures that are due to manufacturer defects or otherwise through normal business use of the Equipment. Customer will be responsible for the shipping costs to and from Customer site for Equipment which has failures caused through accidental damage or lack of reasonable care. Customer should ship via certified mail or retain tracking information when returning Equipment. Zoomfone will not assume liability for lost or missing return shipments without a proof of delivery from the carrier used.

**RMA Process:** Customer must contact Zoomfone to obtain a Return Material Authorization Number (“RMA Number”) before taking any return or replacement action. No return of Equipment will be accepted by Zoomfone without an RMA Number obtained from Zoomfone. All returned Equipment must be shipped clearly marked with an RMA Number, and be accompanied by a complete description of the nature of the defect. All Equipment must be returned as originally provided by Zoomfone. Missing Equipment items may incur further charges or, if applicable, less of a refund.

**No Use of Uncertified Equipment:** The Service is intended for use with Zoomfone provided or Zoomfone certified equipment only. Zoomfone reserves the right to terminate or suspend Service if other equipment is used by Customer without prior written approval by Zoomfone.

#### **911 SERVICE & LIMITATIONS (FOR FULLY HOSTED SERVICE)**

**The CRTC requires that Zoomfone provide e911 service to all customers using the Service within Canada. The terms in this section apply to all customers regardless of location. The e911 service provided by Zoomfone works differently than traditional wire line 911 emergency services. These characteristics may make e911 services unsuitable for some customers. Because customer circumstances vary widely, customers should carefully evaluate their own circumstances when deciding whether to rely solely upon the e911 service. Customer acknowledges that it is Customer’s responsibility to determine the technology or combination of technologies best suited to meet Customer’s emergency calling needs, and to make the necessary provisions for access to emergency calling services.**

#### **E911 CONSIDERATIONS**

**Limited Availability: Customer acknowledges that the Service, including e911 service, will not function in all conditions, including but not limited to the following:**

**Absence of Electrical Power:** If there is a power outage, Customer may be required to reset or reconfigure the Equipment before being able to use the Service and e911 service.

**Internet Access:** The Service and e911 service will not function if there is an interruption of Customer’s broadband or high-speed internet access service.

**Configuration and Availability:** Customer’s e911 services will not function if Customer’s phone fails or is not configured correctly or if the Service is not functioning for any reason, including suspension or disconnection of Service because of billing or other issues.

Network Issues: Due to technical factors in network design, and in the event of network congestion on the Zoomfone network, there is a possibility that an e911 call will produce a busy signal or will experience unexpected answering wait times and/or take longer to answer than standard 911 calls placed via traditional, legacy, circuit-switched telephone networks.

Non-Voice Systems: The Service and e911 service may not function without-dialing systems including home security systems, medical monitoring equipment, TTY equipment, and entertainment or satellite television systems. Customer has no claim against Zoomfone for interruption or disruption of such systems by the Service, including e911 service.

Physical Location: Customers who subscribe to e911 service will be required to register the physical location of their Equipment with Zoomfone, and agree to update the location whenever the physical location of their Equipment changes. Administrative options in the Service's online control panel allows you to modify an emergency response address for your main office location, alternate locations, or even down to a specific DID. It is Customer's responsibility to verify each of these emergency response addresses to ensure first responders are able to assist Customer in case of an emergency. Customer acknowledges that the only mechanism for routing e911 calls to the correct emergency call taker is the physical location(s) currently registered for the account. There may be some delay before the automatic number and location information is passed to the local emergency service operator. In the event that the physical location has not been updated or is not complete, Zoomfone may attempt to route an e911 call based upon the bill-to or ship-to addresses associated with the customer's account or initial Order.

Warning Labels: Zoomfone will provide Customer with warning labels regarding the limitations or unavailability of e911 service. Customer agrees to place a label on and/or near each telephone or other Customer premise equipment on which the services may be utilized.

911 Acknowledgement: The Service does not support 911 emergency dialing or other emergency functions in the same way that traditional wire line 911 services operate. The differences are detailed in this section and you agree to notify any potential user of the services, who may place calls using your telephone/communication system(s), of the e911 limitations described herein. Customer hereby acknowledges that it has been advised of the circumstances under which e911 service may not be available or may be limited in comparison to traditional 911 emergency dialing.

## **CUSTOMER SHOULD MAINTAIN AN ALTERNATIVE MEANS OF ACCESSING TRADITIONAL 911 SERVICES.**

### **BILLING & PAYMENTS**

**Orders: Customer's signature (electronic or physical) of a Product Order Form is a non-cancellable Order by Customer for Service. Orders are not binding until accepted by Zoomfone, in its sole discretion. All Orders and/or shipments shall be FOB Zoomfone. Except in the case of a breach, once an Order is accepted by Zoomfone, it may be changed or cancelled ONLY with the written consent of Zoomfone.**

Payment: Payment for the Service shall be made in accordance with the payment schedule described in the Campaign Signup Form and Product Order Form. Additionally, all Orders require a valid credit card number ("Credit Card"). Customer authorizes Zoomfone to charge the Credit Card for all fees and charges arising from Customer's use of the Service. Customer authorizes Zoomfone to charge the Credit Card for all charges arising from Customer's use of the Service. Customer agrees to notify Zoomfone of any change to the Credit Card

information including, but not limited to, changes in account number, expiration date or billing address. Zoomfone shall not be responsible for any damages resulting from cancellation of Service arising from unreported changes to Credit Card information, credit limitation or other inability to charge the Credit Card. All purchases related to the Service contained in the Order, including but not limited to activation fees, service fees and shipping charges are non-refundable. Upon receipt of an Order from Customer that is accepted by Zoomfone, we will begin the process of setting up the ordered Service for you. Therefore, once an Order has been placed, and accepted by Zoomfone, no refund will be given of any activation fees, setup charges, or other fees incurred, regardless of whether or not such Service was used. Customer acknowledges and agrees that the Service is provided "AS IS", as described. Credit allowances for interruption of Service is not required or warranted and shall be provided at the sole discretion of Zoomfone. From time to time in its sole discretion, Zoomfone may offer promotions or discounts of activation or other fees. Customer shall not be entitled to a subsequent credit for such promotions or discounts, if not available and/or issued at the time of purchase.

**Billing:** Zoomfone will bill all fees and charges to Customer's Credit Card on file.

**Monthly Recurring Fees:** Monthly service fees including any associated taxes and fees are paid in advance of each month's service.

**Non-Recurring Charges:** Toll charges and any other applicable charges which may include, but may not be limited to, usage charges, long-distance, fax charges, activation fees, shipping charges, disconnection fees, equipment charges, and any other applicable charges are billed subsequent to the end of each month's service. The Credit Card will be charged prior to the end of the month if at any time Customer's cumulative Non-Recurring Charges exceed two hundred fifty dollars (\$250.00). The Credit Card will be charged for any additional Non-Recurring Charges at the end of the month. Unless otherwise agreed to by you and us, we will bill you monthly. We may bill you, however, for a charge up to 6 months from the date the charge was incurred.

If payment of an amount due on your account is not received by us by the required payment date specified by us, it will be considered a delinquent amount and will be subject to a late payment charge of 2% per month, calculated and compounded monthly on the delinquent amount (26.82% per year) from the date of the first invoice on which the delinquent amount appears until the date we receive such amount in full. You agree that we can charge any unpaid and outstanding amount, including any late payment charges, on your account to your credit card, or any other payment method pre-authorized by you for payment of our charges.

**Add-on Orders:** Any additional Orders, software or licenses added after the commencement of Service will be billed pro-rata for the initial month.

**Non-Payment:** If payment cannot be charged to the Credit Card for any reason then, without any notice to Customer, Zoomfone reserves the right to either suspend or terminate Customer's access to and/or use of the Service and to terminate this Agreement. Delinquent payments are subject to a late-payment charge of the greater of 1.5% of the outstanding balance, or the maximum amount allowed by law, whichever is higher. Zoomfone shall not be responsible for any third party costs incurred by Customer for exceeding credit limit, insufficient funds or other reasons. An activation fee of \$35 may be imposed prior to reinstatement of any Service.

If Zoomfone is required to initiate legal proceedings to collect any amounts due to Zoomfone by you, you will be liable for all reasonable costs incurred by us in such proceedings, including legal fees and expenses, collection agency fees or payments and court costs in addition to all amounts due for Services.

## **TAXES AND FEES**

**Taxes:** Amounts contained in the Estimate do not include any customs duties, sales, use, value added, excise, federal, provincial, local, public utility, universal service or other similar taxes. All such taxes shall be paid by Customer and will be added to any amounts otherwise charged to Customer, and Customer will be liable for and will pay in full all such amounts.

**e911:** All Customers are required to subscribe to Zoomfone's e911 service and will be subject to a monthly e911 service charge. The monthly e911 service fee shall be included in the applicable business plan charges for the associated line and Customer shall reimburse Zoomfone for the direct costs it incurs in providing e911 service, including state, county and municipal e911 surcharges, e911 automatic location information (ALI) database storage, line information database and caller id (LIDB/CNAM) expenses, and any other taxes or surcharges directly or indirectly associated with the provision of e911 service. Zoomfone reserves the right to adjust the level of charges associated with the provision of e911 service to reflect increases or decreases in the costs Zoomfone incurs. Other fees may apply for usage of e911 service as outlined.

**Toll Charges:** Every call to or from Equipment using the Service that originates or terminates in the Public Switched Telephone Network ("PSTN"), including other VoIP networks and inbound toll free number calls to Customer's toll free number (if applicable), is considered a Toll Call. The duration of each call is to be calculated in 30 second increments and rounded up to the nearest 30 second increment for any fraction of minutes used. If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the nearest whole cent. Customers who are on an Unlimited Plan (defined below) shall not be charged for telephone calls to inclusive countries. The current list of inclusive countries (and related exclusions to the types of call covered) can be found at <http://www.zoomfone.com/>. As noted therein, certain types of calls, including but not limited to mobile phones and premium rate phones, will not be included in the unlimited calls program, and will be billed in accordance with our premium rate charts.

**International rates:** When Customer dials an international PSTN phone number or mobile phone number, charges may apply regardless of whether the party on the other line answers the call. Calls made by a Customer to an international mobile or premium rate international telephone number may result in higher toll charges. International rates vary by destination country, city, and band, and are subject to change by Zoomfone from time-to-time without prior notice. You will be charged for all calls to any international destination, excluding inclusive countries, in full-minute increments at Zoomfone's then current rate as posted at <http://www.zoomfone.com/>. Note that certain limitations apply to Customer's ability to place calls to certain international destinations and types of phones, including but not limited to, satellite phones. Contact [billing@zoomfone.com](mailto:billing@zoomfone.com) for details or to make arrangements to pre-pay for such services.

**Price Changes and other Modifications:** Changes to charges, fees or taxes for the Service (other than international calling rates which are updated from time to time at <http://www.zoomfone.com/>) are effective after 10 days' notice has been sent Customer via email to the authorized email address for Customer's account. Zoomfone may decrease prices without providing advance notice. Customer must dispute mistakes in charges, fees or taxes in writing within thirty (30) days of the date of the charge, fee or tax by Zoomfone. After thirty (30) days from the date of the charge, fee or tax, Customer waives any objection and further recourse. Written statements disputing charges must be sent to: [billing@zoomfone.com](mailto:billing@zoomfone.com). The existence of a validly filed dispute shall in no way relieve Customer of its obligation to pay all amounts billed by Zoomfone, including any disputed amounts.

## **REASONABLE USE, PROHIBITED USE, AND FRAUD**

**Reasonable Business Use:** Any of Zoomfone's service plans that offer unlimited minutes of PSTN calls ("Unlimited Plans") are for reasonable business use of Customer only. Activities such as: auto-dialing, continuous or extensive call forwarding, use of virtual extensions for regular business use, continuous connectivity, fax broadcast, fax blasting, unlawful or unauthorized telemarketing, junk faxing, fax spamming, calling/faxing any person (through the use of distribution lists or otherwise) who has not given specific permission to be included in such a process, AND where Customer's average outbound minutes per user (defined as the total number of outbound minutes used by Customer divided by the number seats/licenses purchased by Customer) exceed 1000 minutes a month, are NOT Reasonable Business Use as intended for the Service. If Zoomfone determines that Customer use of the Service is not within the scope of Reasonable Business Use, Zoomfone reserves the right to invoice Customer for any additional users or usage (including the right to charge Customer's Credit Card) at the then current per minute rate and/or to terminate or modify the terms of Customer's Service.

**Prohibited Use:** Any use of the Service or any other action that causes a disruption in the network integrity of Zoomfone or its vendors, whether directly or indirectly, is strictly prohibited and may result in termination of the Service at the sole discretion of Zoomfone. Customer understands that neither Zoomfone nor its vendors are responsible for the content of the transmissions that may pass through the Internet and/or the Service. Customer agrees that it will NOT use the Service in ways that violate any law or regulation (including but not limited to laws prohibiting transmission of unsolicited fax advertisements), infringe the rights of others, or interfere with the users, services, or equipment of the network. Customer agrees and represents that it is purchasing the Service for its own internal use, and shall not resell, transfer or make a charge for the Service without the advance written permission of Zoomfone. Customer shall not transmit through the Service any unlawful, harassing, libelous, abusive, threatening, harmful, vulgar, obscene or otherwise objectionable material of any kind or nature. Customer further agrees not to transmit any material that encourages conduct that could constitute a criminal offense, give rise to civil liability or otherwise violate any applicable local, state, national or international law or regulation. Any use found to be inconsistent with this restriction will result in termination of the Service.

**Fraud:** It is the express intention of the parties that Customer, and not Zoomfone, shall bear the risk of loss arising from any unauthorized or fraudulent usage of the Service. Zoomfone reserves the right, but is not required, to take any and all action it deems appropriate (including blocking access to particular calling numbers or geographic areas) to prevent or terminate any fraud or abuse in connection with the Service, or any use thereof, provided, however, that any such action shall be consistent with applicable federal and provincial laws, rules, and regulations and provided further that the failure to take any such action shall not limit Customer's responsibility for all usage of the Service.

## **TELEPHONE NUMBER**

**Ownership:** Any telephone number provided by Zoomfone to the Customer ("Number") shall be leased and not sold. Zoomfone reserves the right to release, change, cancel or move the Number at its sole discretion. Where customer wishes to port in telephone number(s) for use with the Service, Customer should NOT cancel service with the current/previous service provider(s) until Zoomfone confirms to Customer that the numbers have been successfully ported to Zoomfone. Customer is responsible for the timely termination of all services with current/previous service provider and the settlement of any charges owed to their current/previous service provider. Additionally, Customer is responsible for the verification that the Number(s) provided to Customer meet the necessary requirements of Customer (i.e., such Number will be considered a local number to

Customer in Customer's area or such number is sufficiently different from a customer competitor's number, etc.). Zoomfone will reasonably accommodate Customer with a particular number selection, prefix or sequence, as available and able to accommodate. Zoomfone accepts no responsibility or liability in the number ultimately issued or selected for the Service.

**Listing:** Additionally, Customer's Number will likely NOT be listed in any local or regional telephone book unless Customer has taken independent steps to pay for telephone number or business advertisement. Numbers associated with the Service are not utilized with a traditional wire line/carrier. Zoomfone makes no warranty and accepts no responsibility or liability for Customer's Number(s) NOT being listed in telephone books or other directories. Directory Listing subscription is available on a case by case basis

**Porting:** Customer's porting away of a telephone number does not extinguish Customer's obligations and/or limitations under this Agreement, including the notice requirements.

At any time that Zoomfone is required to perform emergency or un-planned maintenance, Zoomfone will make reasonable efforts to notify the account contact that has been listed in our online administrative control panel or via email to such Customer email address on file. However, at times, emergency or unplanned maintenance may have to be done before Zoomfone can give any notice to Customer. In any event, Zoomfone will not be liable (under this Agreement or any uptime service agreement) for service interruptions where maintenance is prudent to perform.

### **TERMINATION**

**By Customer:** Customer may terminate this Agreement in accordance with this Agreement. Customer is responsible for Termination Charges and all Service related charges, including usage, until the termination date. In the event of an unauthorized cancellation or abandonment of service by the customer in the Initial Term, Customer shall remain liable for the Monthly Recurring Fee and any applicable taxes, fees or charges, for the remainder of the Initial Term plus the retail price of the Equipment (if not returned utilizing a valid RMA Number described below).

**By Zoomfone:** Zoomfone reserves the right, at its sole discretion, to suspend, terminate or change the Service without advanced notice for any reason, including without limitation, misuse of the Service in any way, Customer's breach of this Agreement, Customer's failure to pay any sum due hereunder, suspected fraud or other activity by Customer that adversely affects the Service, Zoomfone, Zoomfone's network or other Customers' use of the Service. Zoomfone reserves the right to determine, at its sole discretion, what constitutes misuse of the Service and Customer agrees that Zoomfone's determination is final and binding on Customer. If Zoomfone terminates Service per the terms of this section during the Initial Term, Customer shall

remain obligated for the payment of Service for the Initial Term. Zoomfone may charge an activation fee to reactivate a terminated service. Additionally, in the event of early termination during the Initial Term due to a Customer breach, Customer shall remain fully obligated for the payment of all taxes, fees, and charges for Service ordered for the remainder of the Initial Term.
